TIPS FOR RECYCLING RIGHT!

<https://environment.westchestergov.com/images/stories/pdfs/recycleright.pdf>

Q | Can pizza boxes be recycled?

A | Only clean pizza boxes can be recycled. If the bottom of the box is covered in grease or food, tear it off and recycle only the clean lid.

Q | Why are gable-top and aseptic cartons, like milk cartons, sorted with the commingled recycling? Aren't they made from paper?

A | Our facility is equipped to process cartons alongside commingled recyclables (glass, plastics and metals) to help keep the paper recyclables as clean and dry as possible.
